

PRECISION · AUTHORITY · TRUST

Precision Surgical Equipment **Repair.**

WHO WE ARE

The National Independent Repair Center for Surgical Positioning Equipment

SIRLab is a national independent repair lab for Allen Yellofin® stirrups and patient positioning systems — 13+ years in business, ISO 9001:2015 certified, with every repair performed in-house and never outsourced. Hospitals, ASCs, and biomed teams nationwide trust SIRLab when the OEM can't turn it around fast enough, or at all.

The Four Pillars

Precision & Quality

Every repair rebuilt to OEM spec under an audited ISO 9001:2015 quality system — not a marketing claim.

Transparency & Savings

Free, itemized 48-hour estimates. No surprises, no upsell — refurbishment at a fraction of replacement cost.

Full-Spectrum Service

Inspection through custom fabrication, all under one roof, for the full range of stirrups and positioners.

Unmatched Turnaround

Parts on the shelf and an in-house machine shop mean SIRLab moves faster than the OEM channel.

WHAT WE DO

Capabilities

01

Inspection

Free, evaluated against OEM criteria before any work begins.

02

Repair & Refurbish

Restore function and finish to original operating spec.

03

Rebuild

Full teardown and reconstruction for heavily worn units.

04

Remanufacture

Ground-up rebuild — looks, feels, and performs like new.

05

Preventive Maintenance

Scheduled service that keeps units off the repair list.

06

Custom Fabrication

When the OEM can't, we can — in-house machine shop.

EQUIPMENT & BRANDS SERVICED

STIRRUPS

- Allen / Hillrom Yellofin®, Ultrafin, Pal Pro
- SchureMed Great White
- Skytron Flex Fit / Versa
- Steris Powerlift (incl. powered units most shops won't touch)
- Kyra

POSITIONERS

- Martin's Arms
- DeMayo knee positioners
- Arthrex Trimano AR-1640
- Skull clamps (Mayfield), arm boards
- Beach-chair systems

Stirrup Exchange Program

Zero downtime — a fully refurbished stirrup ships at standard-repair cost.

OEM-Quality Parts

Free, No-Obligation Estimates

CRCST / CIS-Certified Leadership

PROOF & PROCESS

How a Repair Moves Through SIRLab

1

Free Estimate

Evaluated and quoted within 48 hours.

2

Transparent Quote

Itemized, no surprises, your approval required.

3

In-House Repair

Rebuilt to OEM spec, never outsourced.

4

90-Day Warranty

Every repair, every time, backed in writing.

Refurbishment as a Capital Alternative

A refurbished unit looks, feels, and performs like new — at a fraction of replacement cost. Ask about fleet and volume estimates for multi-unit programs.

ISO 9001:2015 Audited annually. The certificate is downloadable at sirlab.us — not a marketing claim.
